

Technology Acceptable Use

The Barren County School System has made a significant investment in technology so that staffs/students will have the opportunity to develop the skills necessary for them to excel in our modern world. With this investment in technology comes a great responsibility to provide our staffs/students with a positive well structured environment that will foster creative learning and to teach them skills that apply to real world problem solving.

Staff shall use District technology resources only for educational uses as determined by administrators. Staff shall not circumvent any security and safety measures to access information and/or content of an inappropriate or non-educational manor. Each staff is responsible for security of his/her own user account and password. Any misuse conducted under a particular individual's account will be considered the responsibility of that individual unless otherwise determined by an administrator through the disciplinary process.

The Gmail email solution is provided to staff by the district as part of the GSuite service from Google. By signing this form, you hereby accept and agree that your rights to use the Google Gmail service, and other Google GSuite services as the Kentucky Department of Education may provide and that the data stored in such Gmail services, including GSuite email, are managed by the district pursuant to policy 08.2323 and accompanying procedures. You also understand that the GSuite ID provided to you can be used to access other electronic services that provide features such as online storage and instant messaging. Use of those Google services is subject to Google's standard consumer terms of use (the GSuite Service Agreement), and data stored in those systems are managed pursuant to the Gsuite Service Agreement and the Google Online Privacy Statement. Before you can use those Google services, you must accept the Gsuite Service agreement and, in certain cases obtain your consent.

Staff shall be subject to disciplinary action for violating this policy and acceptable use rules and regulations established by the school or district. The exact disciplinary actions taken in regards to violations of the District's Acceptable Use Policy (AUP) shall be determined by school and district administrators as appropriate based on the severity of the violation. Individuals using district technology resources should be aware that all content and usage is logged and monitored. Specific examples of acceptable and non-acceptable usage is may be accessed at www.barrenschoools.com/AUP.
