## **OVERVIEW**

We are delighted with your interest in the services we offer our gifted students. The Barren County Board of Education firmly believes that *all* children should be provided with an educational program that allows each of them to develop to their maximum potential. We realize that gifted children exist throughout our society regardless of sex, race, ethnic origin, socio-economic background, or disability, and we identify them through demonstrations of their outstanding intellectual, academic, creative, leadership, and visual and performing arts abilities. We are proud of the dedication and hard work of those who work diligently to provide these “special people with special needs” with educational experiences commensurate with their abilities.

We understand that gifted children are a unique segment of Barren County’s school population who, because of their advanced abilities for advanced achievement, need educational opportunities different from those available through the regular school program to realize their potential. Through active participation, students from the primary grades through the high school years are encouraged to maximize their abilities and thereby prepare themselves for a wide array of lifetime opportunities.

This handbook contains a compilation of state and local guidelines for gifted education, including identification and placement procedures as well as the appropriate forms for each area of giftedness. We encourage you to take the time to read carefully about the program. We welcome your call should you have any questions. As always, we are ready to give you any necessary assistance.

Thank you for your interest in Barren County Schools and our program for gifted students.

Students in the primary program (P1-P4) who display gifted or talented characteristics shall be selected through an informal process, be placed in a talent pool and receive services that allow continuous progress.

In compliance with applicable statutes and administrative regulations, the District shall provide appropriate multiple service options in an environment that addresses the abilities, interests and needs of students eligible for services in one (1) or more of the following categories: general intellectual aptitude; specific academic aptitude; creative or divergent thinking; psychosocial or leadership skills; and visual or performing arts.

The definitions specified in 704 KAR 003:285 shall be used in the operation of the District's programs for gifted and talented students.

### **IDENTIFICATION/DIAGNOSIS AND ELIGIBILITY**

In compliance with 704 KAR 003:285, the Superintendent/designee shall develop strategies to address identification and diagnosis of the strengths, behaviors and talents of these students. Determination of eligibility for gifted and talented services shall be based on the student's individual needs, interests and abilities and shall be designed to address environmental and cultural factors that may contribute to the student being overlooked, such as whether the student is economically disadvantaged, or underachieving, is a member of a racial or ethnic minority or has a disability.

The District's plan for identifying gifted and talented students shall:

1. Employ a multi-faceted approach and utilize on-going and long-term assessment;
2. Be based on a variety of valid and reliable measures to include both informal and formal techniques and other data specific to each category of giftedness, consistent with standards established by Kentucky Administrative Regulation;
3. Screen students for all areas of giftedness as defined by KRS 157.200.

Based on data gathered by the Gifted/Talented coordinator or gifted education teacher, a selection/placement committee shall determine those students who are eligible for gifted education services and the level of the services to be provided. This committee shall consist of the Principal or designee, the Gifted/Talented Coordinator and/or the gifted education teacher, classroom teacher(s), teacher(s) of students with disabilities, counselor(s), and consulting professional(s), as appropriate.

Prior to selection or formal identification and placement of a student, the District shall obtain parental or guardian permission before administering an individual test to the student given as a follow-up to a test routinely administered to all students and used in formal identification. If it is determined that their child is eligible for gifted education services, parents/guardians also shall be notified, at least once annually, of the services included in the gifted and talented student services plan and shall receive a copy of the procedures to be followed should they wish to appeal the appropriateness of services.

## Gifted and Talented Students

1. Extends learning beyond the standard curriculum;
2. Provides flexible curricular grouping and differentiated curriculum experiences commensurate with the student's interests, needs and abilities; and
3. Helps the student to attain, to a high degree, the goals established by statute and the Board.

Procedures and strategies to implement this policy shall identify the following:

- A variety of appropriate options for grouping by ability, interest and/or need,
- Multiple service options reflecting continuous progress through a logical sequence of learning,
- Means of obtaining parental input for use in determining appropriate services,
- A gifted and talented student services plan format that provides for matching a formally identified gifted student's interests, needs, and abilities to differentiated service options, and
- A plan for reporting to parents, at least once each semester, regarding their child's progress in services included in the student's services plan.

Neither the primary program, nor any grade level shall be served by only one (1) gifted education service option.

### PERSONNEL

The Superintendent shall appoint a Gifted/Talented Coordinator who shall oversee the operation of the District's Gifted and Talented program and assist schools in implementing the provisions of this policy. The Gifted/Talented Coordinator shall oversee the expenditure of funds for gifted education to ensure they are used to provide direct services to identified students.

Teachers of gifted and talented students shall meet requirements for certificate endorsement as established in Kentucky Administrative Regulation. Through professional development activities, all teachers shall receive training on identifying and working with gifted and talented students.

### PROGRAM EVALUATION

The Gifted/Talented Coordinator shall coordinate the annual, on-going process of evaluating all aspects of the gifted education program and make recommendations for upgrading those areas found to be deficient. Data collected in the annual evaluation shall be used in the comprehensive improvement planning process, and results of the evaluation shall be presented to the council in SBDM schools for review of instructional progress and to the Board who shall determine if District goals are being accomplished.

**Gifted and Talented Students****GRIEVANCES**

Students or parents who wish to file a grievance or appeal concerning the following areas may do so under the process outlined in administrative procedures:

1. The District's process for selecting students for talent pool services;
2. The District's process for formal identification of gifted and talented students or
3. The appropriateness and/or adequacy of talent pool services or services addressed in a formally identified student services plan.

School data shall be signed by the Principal/Council Chair.

**PROCEDURAL SAFEGUARDS AND GRIEVANCES**

Parents and/or students (Grades P-12) may petition for identification or may appeal nonidentification or appropriateness of services.

1. The appealing party shall submit in writing to the Gifted-Talented Coordinator specifically why s/he believes that screening results are not accurate or talent pool services or service options in the gifted and talented student services plan are not appropriate and why an exception should be made or reconsideration given.
2. The Gifted-Talented Coordinator shall compile student data and present that along with the petition or appeal to the Selection/Placement Committee. The information presented shall include a recommendation accompanied by available substantiating evidence.
3. The Committee shall hear appeals, make a recommendation, and respond in writing to the appealing party within ten (10) working days of receipt of the appeal and accompanying information. If the appeal concerns the nonavailability of appropriate service options, the Committee shall consult with the school council.
4. If the Committee rules in favor of the grievant, the following option shall apply as appropriate:
  - a) S/he may participate in the program as soon as the parent or guardian signs the required permission form.
  - b) A change in either the gifted and talented student services plan or provision of services shall be made in a timely manner.

6. Should the Superintendent uphold the decision of the Selection/Placement Committee, the appealing party may petition the Board, which will have the final decision in the case. The Board shall make a determination at the next regular meeting following receipt of the appeal.

## **PRIMARY TALENT POOL**

---

Primary talent pool means a group of primary students informally selected as having characteristics and behaviors of a high potential learner and further diagnosed using a series of informal and formal measures to determine differentiated service delivery needs during their stay in the primary program. (704 KAR 3:285)

### **Identification and Services**

---

- Everything for nomination and inclusion in the primary talent pool is subjective. Identification is based on multiple evidences. *No student will be denied entrance to the program based on only one criterion.* A student must show potential and ability as evidenced by documented strengths, abilities, and interests. Three criteria will be used for identification. If the student meets the criteria in **three** areas, the student will be informally identified. The areas are:
  - Three pieces of informal assessment (portfolio entries, anecdotal records).
  - Samples of student work: The criterion is met if evidences of high potential learning are submitted.
  - Teacher Referral Form: The criterion is met if a teacher submits a recommendation form.
  - Student awards or critiques of student performances by certified staff.

In addition, identification can be done according to special considerations that include environmental, language, cultural, and economic.

- When a student is informally identified, parents will be notified by letter, and a letter of permission form must be signed and returned to the school. This letter will clearly state that this is a Talent Pool and the student exhibits traits and characteristics of a gifted student.
- Students who have permission to participate in the primary talent pool will receive GT services from classroom teachers.
- A GT folder will be created and will become part of the student's permanent records.
- Service delivery options that may be available to students in the "Primary Pool" are:
  - Various acceleration options
  - Collaborative teaching
  - Consultation services
  - Special counseling services
  - Differentiated study experiences in the regular classroom
  - Distance learning
  - Enrichment activities during the school day
  - Independent studies
  - Mentorships
  - Cluster grouping

## **GENERAL INTELLECTUAL ABILITY**

---

General intellectual ability means possessing either potential or demonstrated ability to perform at an exceptionally high level in general intellectual ability and possessing a consistently outstanding mental capacity as compared to children of the same age, experience, or environment. (704 KAR 3:285)

### **Identification and Services**

---

It is very important to differentiate between general intellectual ability and specific academic aptitude.

RE: *Developing Gifted Student Service Plan*

Dear Parents,

An individualized Gifted Student Services Plan (GSSP) is designed and reviewed as appropriate for all gifted and talented students participating in the Barren County Schools Gifted Education Program. The purpose of the GSSP is to match the gifted student's interests, needs, and abilities to appropriate learning activities. Your child's teacher(s) will be responsible for developing and implementing the student plan.

Parents are encouraged to give input for the development of the plan. Meeting the needs of students with exceptional gifts and talents requires parents and teachers working together collaboratively to identify strengths and to provide appropriately challenging educational opportunities. A report of your child's progress in the services provided in this plan will be sent to you at the end of each semester.

In an effort to meet with you regarding your child's giftedness and the services your child will be receiving this year at our school, we are scheduling GT parent conferences for \_\_\_\_\_, date and time. During this conference, we will be reviewing your child's Gifted Student Service Plan (GSSP). Appointments will be scheduled in ten minute intervals. Please call \_\_\_\_\_, School Receptionist, at your earliest convenience if you would like to schedule a meeting time with your child's teachers.

If you are unable to attend, a copy of your child's GSSP will be mailed to your home. Our goal is to continue meeting the individual learning needs of your child and keep communication lines open between home and school. We look forward to meeting with you and wish your child much success in during the school year.

Respectfully,

\_\_\_\_\_, Gifted & Talented Program Coordinator

\_\_\_\_\_ School

RE: *Developing Gifted Student Services Plan*

Dear Parent,

It is once again time to review your child's Gifted Student Services Plan (GSSP). To ensure that we are meeting the needs of your child, your child's teachers have met as a team, discussed your child's interests, needs, and abilities, and we have prepared a GSSP for your child.

We have included two copies of your child's GSSP for this school year. If you are in agreement with this plan, please sign and return the original copy to school. The other copy is for you to keep.

If you have any concerns or could offer suggestions for additional ways that we can help your child be successful, please let us know. You may email or call us at any time.
