

Seniors,

It's time to start planning for graduation and an important task we need you to complete is to order your cap and gown. The link is included below. Please try to take care of this sooner rather than later if possible. Last year some of the factories shut down due to COVID and there were long delays in receiving these items. Hopefully that will not occur this year, but better to be proactive and get orders in early. If you have questions please reach out to Mrs. Kelley Bauer, your senior sponsor. Have a great day!
