

BCHS Re-Opening “at a glance” for Online Learning

Option 2 Edgenuity

- Edgenuity is the primary learning platform for online learning.
- A Barren County teacher will monitor progress.
- Online learning is not the same as ilearn that we used in the spring 2020 semester.
- All courses will be offered in an online format and students must have internet access.
- Course loads will equal in person instruction
- Guidance Counselors will enroll students in courses based on their course requests for the 20-21 school year.
- In situations where electives are not offered in Edgenuity, students will choose from the elective offerings on the enrollment form.

Option 3 BAVEL

- Barren Academy of Virtual Learning (Bavel) is an online high school in the district.
- Students apply to BAVEL through www.bavel.org website and will be contacted for a virtual/phone interview for the enrollment process.
- Students enrolled in BAVEL are not Barren County High School Students.
- Seniors enrolled in BAVEL who meet graduation requirements will graduate from BAVEL rather than BCHS.

Classroom Instruction

- Option 2 is a semester long commitment
- Option 3 is a year-long commitment
- Students learning online should maintain a school day schedule & communicate with staff during school hours.
- Students may choose from the elective & career pathway courses that are offered in Edgenuity.
- In the event of the district moving to red tier school closure, students on option 2 and 3 will continue on with their in-progress Edgenuity/Bavel online courses.

Meals

- Students who live in our district can receive meal delivery at home through the Barren County Nutrition Services (Option 2 and 3).

Extra-Curricular

- Students enrolling in Option 2 Online Learning may participate in extracurricular activities at BCHS.
- Sports will follow KHSAA guidelines.
- Club meetings will be offered in a virtual format after school hours.
- Students enrolling in Option 3 may not participate because they will be enrolled in BAVEL, a separate Barren County School.
