Dear BCHS Students and Families,

We hope you are enjoying your summer and want you to know how much we have missed having you on campus. We are so happy to be starting another great school year. Our staff is looking forward to making this next school year a positive experience for all BCHS students and their families.

Following the Governor's office guidance, our school district is working diligently to ensure the safety and well being of our school families as we re-open our schools. We thank you for your input on the survey last month as your voices were heard in the challenging decision making process.

Because we know each individual family and student has different needs, the school district is offering three options for students and their families in returning to school. Each option is outlined in the attached document. It is important to know which option each student will choose so that we can plan accordingly for a positive learning experience. We are asking that each student or guardian complete the registration form letting us know your plans for the 20-21 school year. You may complete the form online or via paper copy enclosed and return it to school. The ticket office is open Monday-Friday from 8am - 3pm, and a dropbox will be available if you need to drop off enrollment forms after hours. You may also call the High School office if you need assistance in submitting the information. Please have the form completed online and/or returned to school by **July 24th**.

If you have any questions, please contact the school office at 270-651-6315. Thank you for your cooperation in reopening BCHS by letting us know which option best fits your student's needs for the 20-21 school year. We are looking forward to seeing students and re-opening the BCHS Campus!

Sincerely,

Amy Irwin
